	(1) supply a copy of each federal income tax return, including all supporting schedules, filed during the Plan Term to the Trustee within 14 days of filing the return; and
	(2) remit to the Trustee within 14 days of receipt all federal income tax refunds received by each Debtor during the plan term which will be added to the plan base; provided, however, that the Debtor may retain from each such refund up to \$2,000.00 in the aggregate on an annual basis if the Debtor is current on the payment obligations to the Trustee under this Plan at the time of the receipt of such tax refund.

### ✓ Direct Home Mortgage Payments by Debtor Required.

On the Petition Date, the Debtor owed the following claims secured only by a security interest in real property that is the Debtor's principal residence. The listed monthly payment amount is correct as of the Petition Date. Such mortgage claims (other than related Cure Claims addressed in § 3.2), shall be paid directly by the Debtor in accordance with the pre-petition contract, including any rate changes or other modifications required by such documents and noticed in conformity with any applicable rules, as such payments become due during the Plan Term. The fulfillment of this requirement is critical to the Debtor's reorganization effort.

Any failure by the Debtor to maintain payments to a mortgage creditor during the Plan Term may preclude confirmation of this Plan and, absent a subsequent surrender of the mortgage premises, may preclude the issuance of any discharge order to the Debtor under § 1328(a).\* The Trustee will monitor the Debtor's fulfillment of this direct payment obligation ("DPO").

\*All statutory references contained in this Plan refer to the Bankruptcy Code, located in Title 11, United States Code.

Cure Claims. On the Petition Date, the Debtor was delinquent on payments to satisfy certain secured claims or upon obligations arising under an executory contract or an unexpired lease that the Debtor has elected to assume under § 6.1 of this Plan. While remaining current on all direct payment obligations (future installment payments) as each comes due under the applicable contractual documents during the plan term (a "DPO"), the Debtor shall cure all such delinquencies through the Plan as listed below (a "Cure Claim"). Each listed claims constitutes a separate class. The total amount of each allowed Cure Claim will be paid in full by the Trustee. The Trustee is authorized to initiate monthly payments on an interim basis based upon the projected amount of each Cure Claim listed below until such time as the allowed amount of each Cure Claim is established by the filing of a proof of claim in accordance with the Bankruptcy Rules. The amount listed in that proof of claim, or the final determination by the Court of any objection thereto, shall control over any projected Cure Claim amount listed below. No interest will be paid on any Cure Claim in the absence of documentary proof that the applicable contractual documents entitle the claimant to receive interest on unpaid interest.

If the automatic stay is terminated as to the property for which a Cure Claim exists at any time during the Plan Term, the next distribution by the Trustee on such Cure Claim shall be escrowed pending any possible reconsideration of the stay termination. If the stay termination is reversed by agreement or by court order, then the single escrowed distribution shall be released to the holder of the Cure Claim and regular distributions on that Cure Claim shall be reinstituted. In the event that the stay termination remains in effect on the second distribution date after the stay termination, the escrowed funds shall be released for distribution to other classes under this Plan and the Cure Claim shall thereafter be addressed solely under applicable state law procedures and will no longer be treated by the Plan. The completion of payments contemplated in this subsection constitutes a cure of all defaults of the Debtor's obligation to each listed claimant.

### 3.4 Secured Claims Subject to § 506 Bifurcation.

[Check one]

None. If "None" is checked, the remainder of § 3.4 need not be completed.

Claims Subject to Bifurcation. The secured portion of each claim listed below (a "506 Claim") is equivalent to the lesser of:

(1) the value of the claimant's interest in the listed collateral or (2) the allowed amount of the claim. Each listed 506 Claim constitutes a separate class. Each 506 Claim will be paid by the Trustee with post-confirmation interest accruing from the Effective Date of the Plan at the plan rate stated below. If a 506 Claim is established as an oversecured claim, its holder is entitled to an additional component of pre-confirmation interest calculated at the contract rate and payable for the period from the Petition Date to the earlier of: (1) the Effective Date of the Plan, or (2) the date upon which the aggregate of such interest, plus the allowed amount of the 506 Claim, exceeds the value of the collateral. Such holder is responsible for establishing the oversecured amount and the applicable contract rate by sufficient evidence that is either satisfactory to the Trustee or otherwise by court order.

Based upon the Debtor's election to retain certain personal property that serves as collateral for a 506 Claim, adequate protection payments in an initial amount calculated pursuant to LBR 3015(c)(1) shall be paid by the Debtor to the Trustee beginning in Month 1 of the Plan for the benefit of holders of allowed 506 Claims secured by personal property as authorized by § 1326(a)(1)(C) and LBR 3015(c). Such payments shall be held by the Trustee solely for the benefit of the affected secured creditor to the absolute exclusion of the Debtor and all other parties and shall be tendered by the Trustee at the earliest practicable time to holders of allowed 506 Claims secured by personal property as listed below, notwithstanding any failure by the Debtor to achieve confirmation of this Chapter 13 plan. The Trustee shall apply adequate protection payments first to accrued interest, if applicable, and then to principal. Adequate protection payments to be distributed by the Trustee are subject to the availability of funds and the Trustee is authorized to make pro rata payments if available funds are insufficient to pay all adequate protection payments otherwise due. Such adequate protection payments to each affected secured claimant shall continue on a monthly basis until the month in which equal monthly payments are initiated to such claimant under the Plan.

Unless the Debtor invokes § 3.10 of this Plan to obtain a final valuation determination at the confirmation hearing regarding any listed 506 Claim, or an agreement with the holder of any listed 506 Claim regarding the value of its collateral is otherwise incorporated into the confirmation order, the value of collateral securing each 506 Claim is not finally determined upon the confirmation of this Plan. Upon confirmation of this Plan, however, the Trustee is authorized to initiate monthly payments on an interim basis based upon the projected Collateral Value of each 506 Claim as listed below until such time as the allowed amount of each such 506 Claim is established by the filing of a proof of claim in accordance with the Bankruptcy Rules. The amount listed in that proof of claim, or the final determination by the Court of any objection thereto, or the subsequent entry of an order granting a separate motion for valuation of collateral pursuant to § 506 and Bankruptcy Rule 3012, shall control over any projected Collateral Value amount listed below.

Direct Claims. Each of the following secured claims are designated for direct payment in accordance with the applicable contractual documents (a "Direct Claim"). The Debtor represents that each secured claim listed in this subsection was not in default on the Petition Date and either: (1) is protected from valuation under § 506(a) and payable at a contractual interest rate reasonable under the circumstances; or (2) should otherwise be approved by the Court based upon the justification provided. Without such representations by the Debtor, this subsection may not be utilized and the claim treatment must instead be addressed in § 3.4. Each listed secured claim constitutes a separate class.

### 3.7 Lien Retention.

The holder of a lien securing payment of a claim addressed in §§ 3.1 or 3.2 of this Plan shall retain its lien until the indebtedness secured by such lien is totally satisfied as determined under applicable non-bankruptcy law. The holder of a lien securing payment of any other allowed secured claim that is governed by this Plan shall retain its lien until the earlier of: (1) the total satisfaction of the indebtedness secured by the lien as determined under applicable non-bankruptcy law; or (2) the entry of a discharge order in favor of the Debtor under § 1328(a). In each instance, the provisions of this subsection may be superseded by a subsequent order of the Court.

### 3.8 Maintenance of Insurance and Post-Petition Taxes Upon Retained Collateral.

For all property that secures the payment of an indebtedness and which is proposed to be retained by the Debtor under this Plan, the Debtor must maintain insurance coverage as required either by the applicable contractual documents governing the indebtedness or as may be directed by the Trustee. The Debtor must also pay all ad valorem taxes on property proposed to be retained by the Debtor under this Plan as they come due in the post-petition period. Such payment shall be tendered to the appropriate taxing authorities in accordance with applicable non-bankruptcy law on or before the last date on which such taxes may be paid without penalty.
